Every student deserves to feel and be safe in a school, on the school grounds, on the school bus, and at school events and activities. At Hamilton-Wentworth District School Board (HWDSB), we know safety is essential to good learning. Students learn and teachers teach more successfully when schools are safe. If a student misbehaves, the Principal decides on what steps to take to help the student improve his or her behaviour.

Certain behaviours may mean a child is bullying.

Tips for Parents: visit our website, www.hwdsb.on.ca/programs/safeschools for more information.

What to do if your child is bullying:

- Take the problem seriously;
- Talk to your child about the behaviour, keeping in mind that children who bully often place the blame on others;
- Tell your child that you will not accept this type of behaviour and arrange for non-violent consequences which fit the seriousness of what your child has done;
- Discuss the negative impact this behaviour has on others;
- Give praise, or show kindness to others to show that you value considerate behavior;
- Teach them ways to resolve conflict without violent words or actions;
- Do not let them witness violent behaviour between family members;
- Spend time with your child, especially doing activities and avoiding examples of violence or aggression in the media;
- Increase your supervision when your child is with friends and discourage friendships with aggressive peers;
- Speak to your child's teacher or principal if you think your child is having difficulty accepting responsibility for their behavior;
- Seek help if you are concerned about your child's mental health.

What to do if your child is a bystander of bullying:

- Teach them to empathize with the victim (to understand the feelings the victim is having);
- Help them to understand that there is a difference between "tattling" and "reporting" behaviours;
- Go with them to see the teacher or principal to report what they have seen;
- Teach your child to join with others to protect the child who is being bullied;

- Explain the long term negative social effects that the bullied child will have if the bullying does not stop;
- Encourage your child to make friends with others who are respectful and kind and to end relationships with those who cause pain;
- Model kindness and courage.

Additional Information

Positive School Climate

A positive school climate exists when all members of a school community feel safe, comfortable, and accepted. All schools have programs that promote and support positive behaviours and reflect Hamilton-Wentworth District School Board's Character Education development initiatives.

Code of Conduct

The Code of Conduct, which outlines expectations and responsibilities for staff, students, parents, and visitors, is available in each school. The Board Code of Conduct is available online at www.hwdsb.on.ca/programs/safeschools

Keeping Our Kids Safe At School (Bill 157)

Board employees who work directly with students are required to respond to incidents that may have a negative impact on school climate. All board employees are required to report to the principal if they become aware that a student may have engaged in an activity for which the student must be considered for suspension or expulsion. Bullying is one of the behaviours for which suspension may be considered. Principals are to contact the parents of victims of such incidences.

Safe and Accepting School Team

Each school has a Safe School Team. The Safe School Team uses data related to bullying behaviours to monitor and review the effect of school bullying prevention programs. Data may include safe school survey information, suspension and expulsion data, student comments, parental input, etc.

Partnerships with Community Agencies

Hamilton-Wentworth District School Board actively pursues community partnerships that will assist schools and communities to work toward eliminating bullying in all of our environments.
