Welcome to our

International Languages Elementary and African Heritage Programs

The Toronto District School Board offers one of the largest and most comprehensive International Languages and African Heritage Programs in the country.

In an increasingly global world, learning languages and cultures benefits our students today and helps them build skills for the future.

Students may take up to 2.5 hours of instruction per international language, per week. Classes mix academic study with games, songs, hands-on activities, story telling and writing. Students learn languages while discovering cultures, customs and traditions

Students in the African Heritage program learn about African history, culture, language and traditions.

See page 23 for 2013-14 program dates.

Integrated Day Program

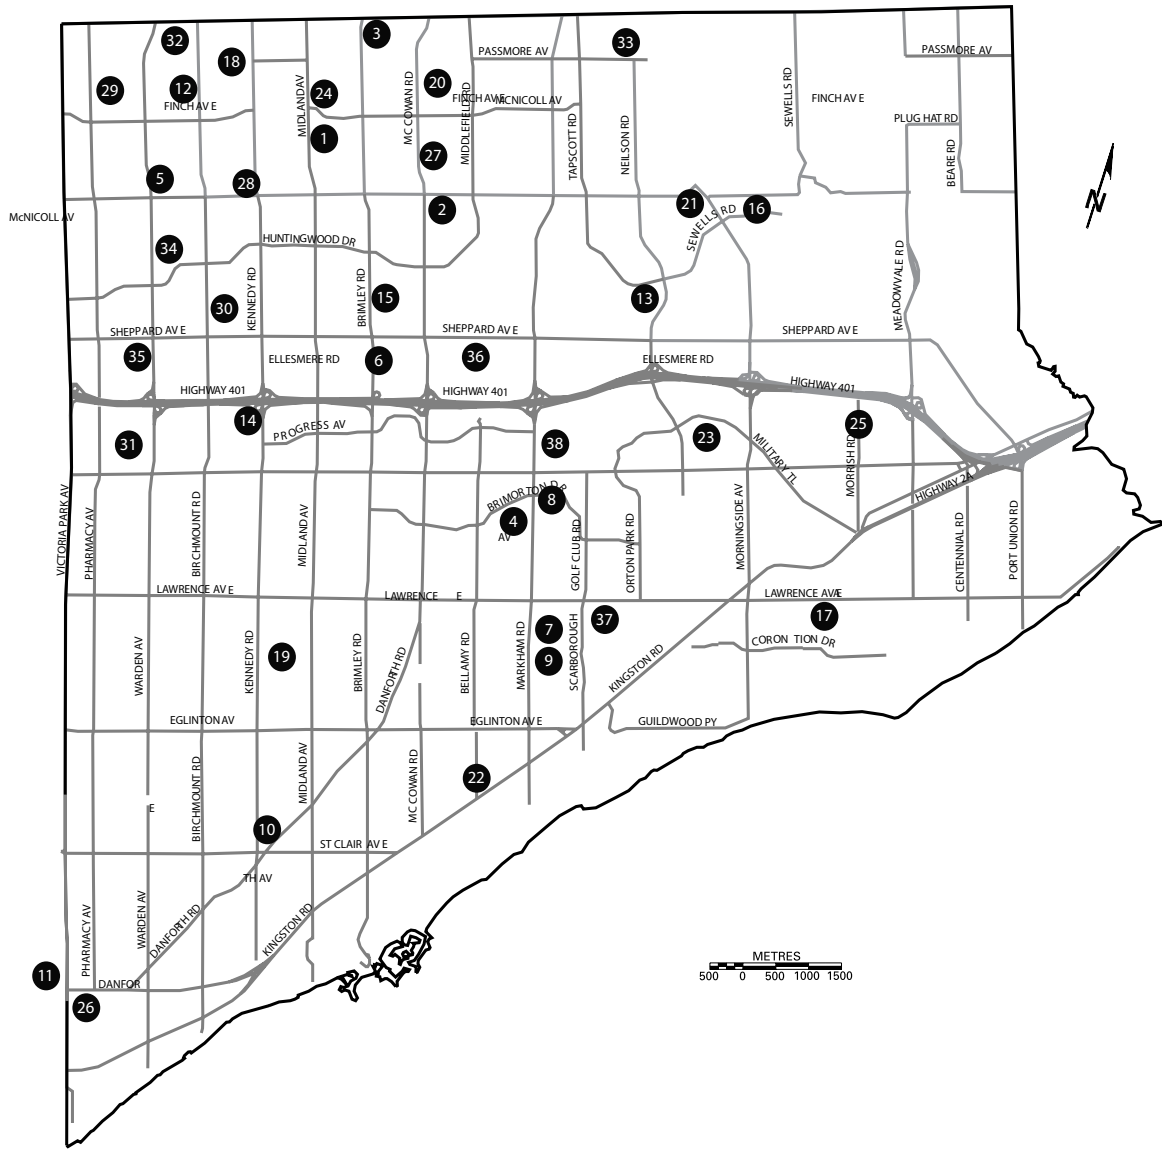

The Integrated Day program gives all students an opportunity to learn an international language or learn about African Heritage as part of their regular school day.

The program is offered in 10 TDSB elementary schools. Languages and African Heritage programs are chosen based on school demographics in consultation with the school principal and the Parent Council Committees.

Schools currently deliver the program in one of two formats, fully integrated during the day or as a block of time at the end of the school day.

These are the schools that offer our Integrated Day Program:
